## EXPERIENCE

### Cedeira Software Factory S.R.L, Ssr. React Developer

March 2023 - Present

Technologies used: React, Typescript, Jest, Redux, MUI

Develop high-quality code with a focus on creating and maintaining comprehensive tests. I work closely with the development team to ensure the delivery of reliable and robust software. Implementing best practices and coding standards ensures our code is scalable, modular, and easily maintainable.

### Blockfi, Ssr. React Developer

March 2020 - December 2022

Technologies used: React, Typescript, Jest, Redux, Styled-Components

- Develop new features used by millions of users around the world like introducing ACH and BIA Trading.
- Increase test coverage from 30% to 98%.
- Write documentation for internal libraries like Goblin.
- Introduce new members of the team to the code base. Explaining to them the code styles and each feature in depth.
